

The Juneau Watershed Partnership Presents:

The Wild and Scenic Film Festival

Thursday, February 17th, 2011

6:00-9:00 pm

Centennial Hall

The Wild & Scenic Film Festival is coming to Juneau on February 17th. We invite you to sponsor this event benefitting the work of the Juneau Watershed Partnership (JWP).

This event takes place at Centennial Hall, and we will start the evening with a special children's film festival showcasing 30 minutes of short, kid-friendly films beginning at 6:00 pm. The all-ages festival kicks off at 7:00 pm and culminates with the Juneau premier of "Eastern Rises"- the latest film from Felt Soul Media and the 2011 People's Choice Award Winner at the National Wild and Scenic Film Festival event in Truckee, CA.

Your support will offset festival costs and make this event a successful JWP fundraiser. JWP is a local non-profit organization that works to promote community stewardship and sustainable use of our local watersheds. We are a 501(c)(3) non-profit organization and your monetary and in-kind donations are tax deductible according to law.

Sponsorship has its privileges. With a contribution of \$100 or more your business or organization can be showcased at the festival on our promotional posters, print advertising, and in our festival program. You will also receive complementary tickets to the show and become members of the JWP. Last year, over 150 people came to our first festival. Based on feedback we've received, we expect even greater turn out this year.

Our apolitical work is focused on the watersheds within the City and Borough of Juneau. That means that your donation will be used to protect the health and integrity of your drinking water, your favorite streams and rivers, your salmon, and your fish and wildlife populations. Please consider becoming a sponsor of the 'Wild and Scenic Film Festival' and support the work of the Juneau Watershed Partnership.

For more information about the JWP or this event and to see the complete list of films we will be showing, please visit our website at www.juneauwatersheds.org. Thank you for supporting our work-- and we hope to see you in February!

Sincerely,

Beverly Schoonover
Executive Director

Juneau Watershed Partnership presents the 2011
Wild and Scenic Film Festival
